

## **Make Me Be Me**

**He said come on and be my girlfriend  
He said come on and be my wife  
and everything we did was so colourful  
and filled up emptiness with life**

**We found a flat and bought a TV  
we got a sofa and a car  
and while he skated I surfed the internet  
we were so busy, trouble seemed so far**

**But deep inside a voice won't let me go  
But deep inside a voice won't let me go  
(And it says:  
Can this be all,  
can this be all-  
this can't be all!)**

**We had good jobs and lots of money  
we spent on travelling, culture, sports  
there were many expensive hobbies  
not everybody can afford**

**Instead of bed we went for jogging  
each minute of the day was planned  
ther were just things left to do, no feelings  
our love washed away like sand**

**But deep inside a voice won't let me go  
But deep inside a voice won't let me go  
(And it says:  
Can this be all,  
can this be all-  
this can't be all!)**
